# INTRODUCTION AND GENERAL INDEX

---

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, (publishers of the Wilson City Directory since 1908) present to subscribers and the general public, this, the 1959 edition of the Wilson City Directory.

Confidence in the growth of Wilson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilson to the World.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilson Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Wilson, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilson, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tennant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

#### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilson and vicinity.

#### **The Wilson Out-of-Town City Directory Library**

Through the courtesy of the publishers of the Wilson City Directory, a Directory Library is maintained in the offices of the Wilson Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

City Statistics—Total street mileage, 96 with 65.5 miles paved. Miles of gas mains, 25; sewers, 76.2. Number of water meters, 7,578; light meters, 9,135, gas me-

ters, 1,544. Capacity of water works (municipal), 6,000,000 gallons; daily average pumpage, 3,000,000 gallons; miles of mains, 47; value of electric, gas and water property, \$7,669,639. Fire department has 37 men, with 3 stations and 7 pieces of motor equipment. Police department has 36 men with 1 station and 8 pieces of motor equipment.

### General Summary

Wilson was incorporated January 29, 1849 and is known as "America's Largest Bright-Leaf Tobacco Market," and "The City of Beautiful Trees."

The first tobacco warehouse was constructed in Wilson in 1890. It proved very successful as a convenience to the farmers, as well as a profitable business enterprise for the owners. From the beginning, Wilson proved popular as a tobacco market, and that this popularity has increased is evidenced by Wilson's phenomenal growth in this respect, the city having gained distinction of being America's largest bright leaf market. Although a tobacco center, Wilson has other industries that contribute materially to its payroll and welfare.

Aerial View of Business Area of Wilson

Wilson is the county seat of Wilson County and is the largest township in the county, which has a total of ten townships. Wilson County was named for the Hon. Louis D. Wilson, long a member of the Senate from Edgecombe County and a volunteer in the Mexican War. By the U. S. Census of 1950, the county population was 54,506.

### Industries

To trace the background of Wilson's industrial program, special reference should be made to its first industry, established in 1854 under the name of Hackney Bros., engaged in the manufacture of buggies. Later there came a rapid change in vehicles, with automobiles replacing buggies, and in keeping with this development, Hackney Bros. discontinued the manufacture of buggies in 1919, reorganizing under the name of Hackney Bros. Body Co. Since that time this company has engaged in manufacturing the latest types of commercial bus bodies. Wilson's second oldest industry, the Hackney Wagon Co., was organized in 1903. This concern manufactures the most modern type of horse-drawn wagons and other articles. Industrial growth over the years has contributed greatly to the economy of the area. There are now 89 manufacturing plants in Wilson and Wilson County employing some 3,500 persons.

### Wilson, America's Largest Tobacco Market

Tobacco more than anything else has given Wilson an international reputation for it is "America's Largest Bright-Leaf Tobacco Market."

Scene in a Tobacco Warehouse, In America's Largest Bright Leaf Tobacco Market

The Wilson tobacco market has 19 auction warehouses, with a combined floor space of 1,799,135 square feet. These huge one-story buildings are lighted with numerous skylights, for quality of tobacco is judged by

color as well as by texture and aroma. When the farmer brings his tobacco to the warehouse of his choice, it is placed on shallow baskets with a maximum of 300 pounds to the basket. These baskets are then placed in long rows on the warehouse floor. The auctioneer and the buyers then walk along the rows and each basket is sold individually at the rate of 400 baskets per hour, or a sale every nine seconds. During the season, which runs from mid-August until about Thanksgiving, sales are conducted simultaneously at five warehouses, with at least nine buyers taking part in each of the sales. During the 1957 season, the Wilson market sold 72,673,116 pounds for \$41,276,034.07, an average price of \$56.80 per hundred pounds.

Wilson has eight tobacco redrying plants and three plants that pack and ship the green tobacco. These redrying plants are capable of processing 2,500,000 pounds daily and handle tobacco from markets throughout the bright leaf belt which extends from Florida to Virginia. In these plants, the tobacco passes through redrying machines that remove all of the moisture and then through a steam bath that raises the moisture content to approximately 11%. It is then packed in large hogsheads that hold approximately 950 pounds each. After this processing, tobacco will keep indefinitely. Normally it remains in storage for at least two years before being used in cigarettes.

Wilson's Municipal Building

### Agriculture

Wilson County is primarily an agricultural county.

with about 80% of its income derived directly or indirectly from agriculture. The principal crops are tobacco, cotton, and corn. Livestock production is rapidly increasing in importance. In 1959, Swift & Company opens a major meat packing plant, and will process 175,000 hogs, 35,000 cattle and 35,000 calves per year.

In 1950, Cargill, Inc., world's largest grain merchants, established an elevator in Wilson. It now has a storage capacity of 600,000 bushels. In November, 1954, Ralston Purina Co. established a modern mill that is capable of producing 100,000 tons of livestock feeds.

#### Location

Wilson is located on the main line of the Atlantic Coast Line Railroad and the Norfolk Southern Railroad. It is served by U. S. Highway 301, the principal tourist route between eastern states and Florida. Other highways serving Wilson include U. S. 264, a major east-west route, and U. S. 117, between Wilson and Wilmington. A network of paved highways connects Wilson with all sections of the country. Due to its geographic location and its accessibility Wilson is steadily increasing in importance as a distribution center.

#### Power, Lights, Gas and Water

The electric, gas and water plants and distribution systems in Wilson are municipally owned. The City of Wilson owns approximately 400 miles of electric distribution lines outside the corporate limits. The city electric department serves more than 5,000 rural cus-

Davis Avenue School

tomers and furnishes electricity wholesale to six other communities. The city utilities, including land, buildings and distribution systems, are valued at \$7,669,639. The electric plant has the latest equipment, with a generator capacity of 27,500 k.w. In addition, the city has a 14,000 k.w. inter-connection with Carolina Power and Light Company insuring an uninterrupted supply of power. Wilson's water supply is taken from a reservoir supplied by Contentnea Creek. The 236 square mile watershed has proved adequate to meet the city's needs even in times of severe drought. A new reservoir is now under construction to conserve additional water for new and expanding industries. The filtering plant has a capacity of 6,000,000 gallons a day, to meet present requirements of 3,000,000 gallons a day.

#### **Educational Facilities**

Wilson and Wilson County have a fine school system, with attractive buildings and an excellent staff. The city system consists of two high schools, one junior

**Howard Chapel; Atlantic Christian College  
Center of Advanced Learning**

high school, and seven elementary schools. Since 1949, over \$2,500,000 has been spent on the construction of new schools in the city system.

Atlantic Christian College, fully accredited, located in Wilson, offers four-year college courses to Bachelor of Arts and Bachelor of Science degrees. It also offers a one-year secretarial course and night school classes in a variety of subjects.

An industrial trade school has been established by the city and county to develop vocations and further the training of craftsmen employed in local industries.

Wilson's Modern Recreation Center

### The City of Beautiful Trees

Wilson is known as "The City of Beautiful Trees," and though there are many residence streets in the city with a variety of lovely trees, Nash Street is considered the most beautiful, with Park Avenue deserving special recognition. Over a period of years several geographic and pictorial magazines have written special articles and given particular reference to Nash Street and have designated it as one of the seven most beautiful residential streets in the world. To the students of nature and especially to those who admire beautiful trees, Nash Street is a real attraction. It offers an assortment of trees as follows: pecan, birch, magnolia, walnut, umbrella, liveoak, cypress, hickory, pine, dogwood and willow oak. On spacious lawns in front of beautiful homes, these trees are found growing amid numerous kinds of shrubbery and many colored flowers.

### Churches

There are 19 churches in Wilson, with the following denominations represented: Baptist, Christian, Church of God, Church of Latter-Day Saints, Episcopal, Jewish, Lutheran, Methodist, Pentecostal, Holiness, Presbyterian, Salvation Army, Roman Catholic, Seventh-Day Adventist.

Presbyterian Church; one of Wilson's Many New Churches

### Housing

Wilson has one up-to-date hotel with a total of 158 rooms, modern tourist homes, several boarding houses, numerous good apartment houses, and excellent motels.

### Theatres

Wilson has four theatres for white people and one for negroes, each being well equipped, and with a combined seating capacity of 3,175. Also there are 2 drive-in treatres.

### Radio Stations

Wilson is the home of Radio Station W G T M (World's Greatest Tobacco Market). The station operates on a frequency of 590 kilocycles. The studios, which are located on U. S. 301 about one mile north of Wilson, have the latest radio equipment. The station has made definite contributions to the civic and social welfare of the city and county. Wilson also is the home of W V O T (1,000 watts) which has been outstanding in its contributions to civic betterment. The station operates on a frequency of 1420 kilocycles.

### Television

W N C T Channel 9, with transmitter and studios in Greenville and W I T N Channel 7, with studios in Washington, N. C., provide television for the Wilson area. Both stations operate with power of 300,000 watts.

Wilson County Court House

### Hospitals

Wilson has 3 hospitals with a total of 186 beds. The Eastern North Carolina Sanatorium, a state tuberculosis hospital, is located in Wilson. This 550 bed hospital serves patients from throughout eastern North Carolina.

Recreation Park; Full Facilities For Fun are Found Here

High School in Wilson

### Recreation

Wilson is well supplied with recreation facilities. These include a modern stadium, with a seating capacity of 3,500, which is used for both baseball and football, as well as other outdoor events. Recreation Park, covering 15 acres, has a large swimming pool, lighted tennis courts, lighted softball diamond, baseball diamond, picnic areas, playground equipment and a lighted area for activities such as basketball, volleyball, shuffleboard and other sports. Two well equipped recreational buildings were completed in 1958. The city also has three other parks and several neighborhood playgrounds. The city has a trained staff of full time recreation workers. The Wilson Country Club recently completed a \$55,000 remodeling job on its clubhouse. The club has an 18-hole golf course, swimming pool and tennis courts.

### Library

In 1921 the Department of Literature of the Woman's Club established a free public library in Wilson. Since 1935 the library has been sponsored by the city and county. It is located in a modern building on the edge of the business district and has a collection of approximately 50,000 volumes.

### Public Buildings

All executive and administrative offices of the city of Wilson are located in the Municipal Building, constructed in 1940 at a cost of \$127,000. The Wilson County Courthouse, constructed in 1924, is located in the center of the business district.

### Government

Wilson is governed by a mayor and six aldermen who are elected for two-year terms. The administrative head of the city government is a city manager, who is appointed by the board of aldermen.

### Retail and Wholesale Trade

Wilson is the retail shopping center for a large agricultural section. In 1957, retail sales in the city totaled \$37,443,000, according to "Sales Management Survey of Buying Power." More than 300 retail establishments are available to serve the needs of the public.

### Wilson's Future

It is pointed out by many that Wilson has a bright future, due to its ideal location, transportation facilities and agricultural and natural resources, all of which are important factors in attracting new industries. It would appear that Wilson is in position for industrial development, and many manufacturers are considering Wilson as a distributing center for their products, as eastern North Carolina can be so well served from this point. Many traveling men make Wilson headquarters on account of the convenience of working in and out of the city in serving eastern North Carolina. As the "King of Tobacco," Wilson may some day be engaged in the manufacture of many tobacco products. The people of Wilson are thinking in terms of expansion and commercial development and are most optimistic as to their city's future.

### Wilson Chamber of Commerce

The Wilson Chamber of Commerce is recognized as one of the outstanding trade associations in eastern North Carolina. During the past dozen years it has been a contributing factor to the progress of Wilson and Wilson County.

The Wilson Chamber of Commerce also serves as a clearing house and general bureau of information. Headquarters for the Chamber are located in its own building at 220 Broad Street.

 Co **r**181 Burke (RR)

"r"—RESIDENT

"h"—HOUSEHOLDER

**"r" AND "h"**

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

## **CAUTION . . . . .**

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

### HOW TO KNOW WHETHER A WIFE IS EMPLOYED... AND WHERE SHE WORKS

This vital information may be secured instantly from your City Directory. Every person of Directory listing age (18 years and over) is listed, including both men and women. The wife is listed with her husband, and also is listed separately if steadily employed.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

"r"—RESIDENT

"h"—HOUSEHOLDER

**"r" AND "h"**

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

*Do your employers furnish you with the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## HOW TO LEARN OCCUPATION AND NAME OF EMPLOYER

Credit, Sales and Advertising Departments can quickly check this vital information regarding customers and prospects. Responsibility, probable approximate income and similar questions can be answered instantly by referring to your Directory. Complete information is provided on every employed person.

## A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

## **Out of Sight - Out of Mind**

### **★ Out of Business ★**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.  
**INSIST ON BEING WELL REPRESENTED IN ITS PAGES.**

**CITY DIRECTORY  
ADVERTISING  
IS *National* ADVERTISING**

★ Each edition of your City Directory is widely distributed to free - reference City Directory Libraries located at the Chambers of Commerce of Hundreds of other cities.

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

## EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

# HILL'S WILSON

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, In-  
cluding a Complete Street and  
Avenue Guide

## 1959

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

## **WHY A YELLOW PAGE SECTION?**

---

**\*It is customary to include  
a Yellow Page Section in  
the City Directory because:**

**It gives business firms the  
opportunity to elaborate upon  
a description of their products  
and services impossible in  
the limited space of regular  
Alphabetical and Classified  
listings.**

**\***

**The Yellow Page Section is a necessary supplement  
to the regular listings; it is good City Directory in-  
formation . . . EXTENDED.**

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
